BUILDING SITES IN THE "BELPAESE"

METRONAPOLI, CHIAIA STATION

Naples Metro, Line 6: the "Chiaia Station" looks more and more beautiful! The architectural design is entrusted to the architect Uberto Siola, while the artistic design is followed by the internationally renowned filmmaker Peter Greenaway. We are proud of this innovative project where art and construction crisscross in a fulcrum of true harmony. The completion of the work is expected by the end of the year.

HIGH SPEED

The Cepav2 Consortium (ICM Group is one of its members) is proceeding with the works on the "Brescia-Verona High Speed/High Capacity Line - Second Functional Lot". The section includes three natural tunnels and several other artificial tunnels, mostly built alongside the A4 highway section.

HIGH SCHOOL IN VICENZA

The ICM Group is engaged in Vicenza, at the US military base, in the construction of a new avant-garde school including study areas, laboratories, scientific computer rooms, art and laboratories, music gymnasium, an health care area, as well as canteen areas. A project of more than 28 million EUR proceeding at a fast speed.

Come on, let's go on!

MACCHERONIS DAM

In Sardinia, the works of the Maccheronis dam, in the Torpè area (province of Nuoro), are evolving and concern specifically:

- the execution of civil works (new channel for the discharge of the reservoir length 90 m, width 41 m, after the construction of a forebay and a 5.20 m rising in the dam body);
- the supply of electromechanical equipment (new sluice gates and related control units, electrical systems, instrumentation for monitoring the dam body and discharge channel).

BUILDING SITES AROUND THE WORLDKONZA, THE SMART CITY EVOLVES

The first African Smart City, which we are building with the support of SACE and SIMEST (Cdp Group), is located 70 km from Nairobi, Kenya, and includes roads, parks, water purification plants, wastewater treatment plants and an automatic waste collection system, as well as a number of public buildings such as police and fire stations. The construction progresses in compliance with the highest standards in terms of energy saving, as well as adopting sustainable architectural solutions and advanced technologies.

Konza will also host a state-of-the-art technology hub with hi-tech research centers and universities and will contribute to the socio-economic development of one of Africa's most promising countries, with a pioneering project in the African context.

CERN SCIENCE GATEWAY

The work has begun on the new visitor center at CERN! The project designed by internationally renowned architect Renzo Piano also includes the creation of a forest, an auditorium dedicated to Sergio Marchionne. laboratories and areas for exhibitions and displays. A construction site at the forefront of technology and innovation that allows us to strengthen our foreign presence in a new country like Switzerland.

This outreach center will tell the story of science and its secrets and will be a place where people meet around the common attraction of exploring the universe, going from the infinitely large to the infinitely small.

NEWS

A beautiful portrait of the "Cavaliere del Lavoro" Adone Maltauro, whose personality always remains impressed in our memory and is a source of inspiration.

ICM Group: http://www.gruppoicm.com/images/ritratto-adone-maltauro.pdf

The magazine "Le Strade", April issue, features a very beautiful article, from page 72 to page 81, introducing the great Chiaia station (Naples Metro, Line 6), which we are building with commitment and pride. The cover of the magazine depicts the station shaft during the construction phase. A magnificent achievement made possible thanks to a close-knit group of people, resolute and driven by passion!

Interesting article about the 4*S hotel "Milano Verticale", recently transformed by us and located in the Corso Como area. A 12-storey tower (173 rooms), a rooftop and 4 Penthouse Suites with panoramic terraces, an internal garden of over 1000 sqm. A work of contemporary taste featuring high performance standards, with meticulous attention to every single detail.

5

Work just completed by Integra Srl, an ICM Group company, on the revamping of the Rimini water purification plant on behalf of Romagna Acque.

A realization carried out through a JV with Gajarda srl. The piezometric tower shown at the beginning of the video was built by our Group in the eighties. And the story goes on.... you did a great job!

6

Within the new team of Confindustria Vicenza, Mr. Giovanni Dolcetta, ICM Group, has been appointed as vice-president in charge of internationalization.

Congratulations and lots of success!

NEW RECRUITS

Name	Function	Project/Site	Company
Bertesina Nicola	Management Control Officer	URBANIZATIONS - SMART CITY KONZA KENYA	ICM S.p.A.
Bologna Paola	Order Administration Officer	CERN SCIENCE GATEWAY GENEVA	ICM S.p.A.
Brancaccio Luca	Estimates and Infrastructural Works Manager	VICENZA HEADQUARTERS	ICM S.p.A.
Castrogiovanni Tiziano	Project Manager	CERN SCIENCE GATEWAY GENEVA	ICM S.p.A.
Ceravola Alessandro	Plant Design Specialist	MODERNIZATION OF THE SLOVAKIA RAILWAY LINE	ICM S.p.A.
Corbelli Ivano	Site Assistant	FRAMEWORK AGREEMENT DIR. 1st GENOA SECTION	ICM S.p.A.
Corradetti Gian Lorenzo	Site Quality Manager	CERN SCIENCE GATEWAY GENEVA	ICM S.p.A.
De Faccio Alberto	Site Logistics Manager	CERN SCIENCE GATEWAY GENEVA	ICM S.p.A.
D'hallewin Yves	Site Quantity Surveyor	CERN SCIENCE GATEWAY GENEVA	ICM S.p.A.
Di Giacomantonio Alessandro	Site Technician	FRAMEWORK AGREEMENT DIR. 1st GENOA SECTION	ICM S.p.A.
Doro Alessandro	Construction Manager	CERN SCIENCE GATEWAY GENEVA	ICM S.p.A.
Foffani Matteo	Chief Engineer	MODERNIZATION OF THE SLOVAKIA RAILWAY LINE	ICM S.p.A.
Giordano Solange Paola	Site Technical Department Manager	CERN SCIENCE GATEWAY GENEVA	ICM S.p.A.
Minelli Stefano	Management Control Officer	VICENZA HEADQUARTERS	ICM S.p.A.
Parente Marco	Site Topography Manager	CERN SCIENCE GATEWAY GENEVA	ICM S.p.A.

Name	Function	Project/Site	Company
Petri Alfredo	Warehouse Manager	URBANIZATIONS - SMART CITY KONZA KENYA	ICM S.p.A.
Popescu Romeo	Site Procurement Manager	MODERNIZATION OF THE SLOVAKIA RAILWAY LINE	ICM S.p.A.
Popolizio Stefano	Technical Department Officer	VICENZA HEADQUARTERS	Sipe S.p.A.
Russo Federico	Treasury Officer	VICENZA HEADQUARTERS	ICM S.p.A.
Secondi Gianluca	Site Civil Works Assistant	CERN SCIENCE GATEWAY GENEVA	ICM S.p.A.
Sertoli Filippo	Document Controller	CERN SCIENCE GATEWAY GENEVA	ICM S.p.A.
Soli Riccardo	Site Planning Assistant	CERN SCIENCE GATEWAY GENEVA	ICM S.p.A.
Tanzi Stephan	Site Administrative Procedures Manager	CERN SCIENCE GATEWAY GENEVA	ICM S.p.A.
Toccoli Denis	Technical and Labor Management Employee	VICENZA HEADQUARTERS	Sipe S.p.A.
Tortelli Andrea	Senior Buyer	VICENZA HEADQUARTERS	ICM S.p.A.

We thank you for joining our Group and wish you all the best for a successful career!
